DETAILED ACTION

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 9, 11 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Regarding claims 9, 11, "first amplifier configured with a second amplifier comprising an integrator circuit" appears to be unclear since the specification generally describes ONLY the "second amplifier" configured as an integrator circuit.

Regarding claims 9, 11, "integrator resistor" does not appear to have any connection to other components in the claim. As such, it is unsure if the claim combination capable of providing a reduced settling time claimed.

Allowable Subject Matter

Claims 1-8, 13-18 are allowed.

Claims 9-12 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.
